Dear Jeffory,

I wish you and your colleagues could be with us to see how wonderful your hands-on activities for Henson are being loved in Washington [D.C.]!

We are so grateful to you all that it is hard to thank you enough. We have had record visitation here, and families who come into the resource room simply don't leave --- it's phenomenal! Everything is holding up beautifully, thanks to your thoughtful and thorough refurbishing.

As soon as they become available, I will send photos of what your interactivities look like in the space.

At the opening party last night, one of the guests whispered to me, "I wish this [the resource room] could stay here forever!"

I couldn't agree more. In the nation's capital, we can always use more happiness!

Thank you so much again for your generosity and your "gift" to Washington's visitors. AMY is credited in the resource room but the label does not--- nor could it--- reflect our gratitude and appreciation for what you do!

With Warm Regards,
Laurie Trippett
